January 2026

I wasn't God's first choice for what I've done for China. It must have been a man a well-educated man. I don't know what happened. Perhaps he died. Perhaps he wasn't willing. And God looked down... and saw Gladys Aylward. And God said— "Well, she's willing!"  
Gladys Aylward 1902 - 1970

## Pastoral Insights by Pastor Barry

Aren't you impressed that the Apostle Paul spoke so often about praying for him and the message of Christ. Paul was writing to people who were 100's of miles away from him and yet he believed that pray-

er made a big difference. In Colossians 4:3, while in Rome, he writes, **"And pray for us, too, that God may open a door for our message, so that we may proclaim the mystery of Christ, for which I am in chains."** His strongest request was for fellow believers, who were in Gospel partnership with him, to pray! Do you think that might be the same for our partners in Indonesia, Central Asia, Kenya, and Brazil? I think so!

As we gather on Thursday, January 8th @ 6 PM to learn and pray, we are doing what our global partners want us to do more than anything else. This compels me to be there with you and envision the glorious work of God's Spirit sending God's message out into these far away places through prayer. Plus, we will learn more about Muslims and how to pray since two of our partnerships are specifically working with Muslims as well as in Kenya, where Muslims are trying to infiltrate in opposition to the Gospel. It is sure to be a very worthwhile 90 minutes together.

# Amani Fellowship

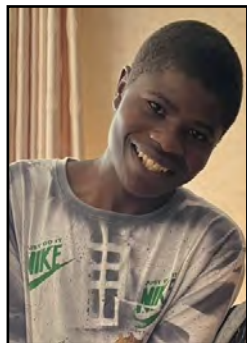

January 2026

This month I am enclosing portions of a letter of appreciation submitted to AF. We do offer limited higher education for students that excel and achieve substantial governmental assistance. We have subsidized remaining tuition which is approximately \$100 per semester. This letter demonstrates the academic excellence and level of appreciation this student has achieved. We heard Kenphas address all the orphans at our last year village celebration to encourage them. Now, we await his final exams and subsequent application for governmental assistance.

To: The Amani Group Sponsors

SUBJECT: APPRECIATION FOR LONG TERM SPONSORSHIP SUPPORT AND REQUEST FOR UNIVERSITY SPONSORSHIP.

I hope this letter finds you in good health and spirits in Christ. I am writing to formally express my deepest gratitude for the unwavering support you have provided towards my education over the years. Reflecting on my journey, I am profoundly moved by the fact that you have stood by me since my primary school years. Your generous sponsorship has played a very important role in my academic journey and I am grateful to have had such a dedicated benefactor for so much of my life. I am pleased to

**Kenphas Moiti**

inform you that, I have successfully completed my Kenya Certificate of Secondary Education (KCSE) examinations 2025 in Tenwek National School, Bomet county, Kenya. While the official results are yet to be released, I am optimistic that I will attain excellent grades which will reflect the hard work, commitment and dedication maintained throughout senior high school fueled by the opportunity you gave me. As I look forward to the next

chapter of my life, I am eager to pursue a degree in Bachelor of Science (Medicine and Surgery). It is my sincere ambition to attain university education, which will equip me with the skills necessary to become a professional and eventually, extend the same kind of support to others that you have so graciously extended to me. With humility and respect, I humbly request your continued sponsorship as I transition into the university. I recognize that higher education involves a significant commitment, and I remain dedicated to upholding the high academic and professional moral standards I have set for myself. Upon the release of my KCSE results and subsequent university placement, I will provide you with the official documentation. Thank you once again for your extraordinary kindness, generosity, encouragement, trust and for investing in my future since my childhood. May God bless you abundantly.

Yours faithfully, KENPHAS MOITI - Naitiri, Kenya

In summary, I say "Well done" to all the sponsors & prayer partners and to Kenphas!

Blessings,

*Phyllis Featherstone*

## Prayer Requests from Central Asia

**From our representative...**

- ◆ For wisdom, patience and help to figure out how to best care for our son Bear who is 28 and has Down Syndrome. He is having a lot of behavioral issues
- ◆ For us to be able to raise additional financial support for our personal ministry
- ◆ For my trip to Tajikistan Feb. 13-23 where I will be teaching 2 Timothy in Russian to our Tajik staff
- ◆ Protection for our son Alex who is working in the Ukraine

## New Years Greetings from Marie Evensen in Brazil!

Greetings from Brazil! As we near the end of 2025, I find myself reflecting on God's goodness in sustaining me during this first year of ministry in a new country. It surely hasn't been easy, but God is always faithful and helped me overcome those challenging times!

Some big praises from this year... I have my approved VISA to stay for one year and then renew for a second year, I have learned enough Portuguese to have conversations and communicate pretty well, I've become relatively comfortable driving here with the crazy traffic and insane hills, I can make rice and beans Brazilian style, and I've made many friends in the community through the ministry groups I helped lead this year.

It's a bit hard to summarize all that happened during this year, but I will share a few highlights of impactful moments with you.

I first want to share about a special family that I met in June. This family has been my priority to help since then and it's been a joy and a challenge to walk with them! I was able to help the family move to a new apartment that is in a much better location and has painted walls, a proper floor and a roof that doesn't leak. Praise God! The goal is now to fix the old apartment so Joice can rent it out. Joice has started painting nails and doing hair to bring in some income. Her oldest son, Marcos, just finished high school and has started working as well. The middle two kids, Thales and Julie, are thriving being in a more healthy environment, and the baby, Joselyn, is now crawling!!! I delivered gifts for the family just before Christmas and it was so fun to bless them each with something

special! It's been a huge blessing to help this family through encouragement, guidance in decisions, financial support and much prayer!

Other highlights were building relationships with people of the community through out ministry groups and house visits. I helped lead a group with women where we did cross stitch and crochet and studied the Bible. I also enjoyed driving to the distribution center to pick up donated food and distribute to the community. I guided teams in the community for house

visits where we converse with people and pray for them (I didn't even get lost). One big challenge was helping lead this group of teen girls... my patience was tested, but I love them all dearly and continue praying that God will capture their hearts and change their lives! Pool time was always a

big highlight for everyone; time to play and refresh on those hot days!

I want to thank each of you from the bottom of my heart for walking with me this year! Your prayers, encouragements and gifts helped sustain me on this mission! Having you all behind me makes a huge difference in my life!

### A couple quick prayer requests:

I have my VISA, but am waiting for my Brazilian identity card. It's been delayed a while now and I need this identity card to open a bank account here and to get my Brazilian driver's license.

My mom broke her leg Christmas Eve. It's hard for me to not be there to help in this time of need. Pray for my sense of helplessness and for a quick and complete healing for her leg.

## Sundanese Christian Fellowship 2<sup>nd</sup> Semester Report

# Naftaly Team

## Family News

### Roy Marbun

Praise God, He has carried us through these past six months of life and ministry, even as we faced health challenges within our family. My wife continues to undergo regular check-ups for hypertension, heart concerns, and kidney function, while my daughter still needs therapy for her left leg after an injury. Yet, in the midst of these difficulties, the Lord has strengthened us. We have been able to continue our activities, and by His grace, we are seeing steady progress in our recovery.

### Alfredo

Praise the Lord, for by His goodness and mercy, my family and I have remained in good health throughout this year. Although a few of us experienced sickness, the illnesses were minor and did not last long. My father's kidney stone condition has improved significantly, and he is now free from pain. I also struggled with recurring stomach issues and was even hospitalized for a time, but by the Lord Jesus' help, I have been healed.

I am grateful to the Lord Jesus for His blessings on our family throughout this year. Our long struggle over the lost land certificate inherited from our grandfather is now close to being resolved. The Lord has also blessed our third sibling, who is currently studying at a university, enabling him to continue his education well. He is expected to complete his studies in May 2026.

In our outreach, God has opened doors for us within the local community. People have begun to recognize us as health workers, social workers, and educators—both in our immediate neighborhood and in the wider community—giving us a meaningful platform for ministry.

One of my ongoing challenges is sharing the Gospel in clear and fluent Sundanese with the Muslim community in Tasikmalaya. My teammate and I continue to pray and persevere, trusting that in God's time we will see people who sincerely desire to know the Lord and become His disciples.

On a personal note, I am also praying for healing from the stomach condition I've been dealing with. I hope it will continue to improve and be fully restored.

# Evangelism Testimony

Those who have heard the Gospel from us have responded in many different ways. Some listened attentively as we shared the stories, and a few even told us it was their first time hearing them. Others politely declined, saying they already had their own religion, while some rejected the message outright, insisting they held a different story.

There were also those who wanted to learn more and began exploring the Gospel more deeply, though many struggled to openly express their belief out of fear of their families and the surrounding community. A few initially professed faiths but eventually returned to their previous beliefs once discipleship began.

One of the people who has heard the Gospel from us is Mr. Tedi (53), a traveling meatball seller. He told us that he practiced a special kind of prayer that, in his belief, could heal people's illnesses. He also enjoyed sharing stories about mystical experiences, demonic encounters, possessions, and spirits that demanded sacrifices from people. Our conversation with him lasted quite a while before we finally had the opportunity to tell him about the Son of God who came into the world as the Sacrifice that saves humanity.

Mr. Tedi listened carefully as we shared the Gospel. However, when we invited him to place his faith in Christ, he said he had just realized that God might be calling him to receive salvation. Yet he also explained that he wanted to learn more about Jesus first, because his religious leader had taught him that sins can be reduced through good deeds and that all people will eventually be saved after being purified in hell. Since then, we have visited him regularly to continue our conversations about Jesus. Please pray that one day he will truly understand and embrace the Gospel.

Another person who heard the Gospel from us was Mr. Ade (55), a shop owner. We met him at his shop during a quiet moment, and our conversation began when he mentioned that behind his store there were several "sacred" graves often visited by locals seeking help—whether for finding a spouse, improving their business, or obtaining good fortune. From there, we gently shifted the conversation toward God, asking why people would seek help from graves instead of coming to the true God who hears and provides.

We then shared with him the stories of Jesus' miracles while He was on earth. Mr. Ade listened with great interest, so we continued by telling him the story of the Gospel. He said it was the first time he had heard that Jesus could redeem sins. We responded by sharing more Scripture stories, and that very day he confessed his belief in God's power to forgive sins. He prayed with us, declaring that he believed Jesus had redeemed his sins.

Unfortunately, after that meeting, we were not able to see him again because he left for work in another city. We hope to meet him once more someday. Please pray that God continues to work in his heart—through dreams or through the circumstances of his daily life—so that he may have a personal encounter with Jesus.

## Prayer Request

1. Pray for Mr. Tedi, who is seeking to learn more about Jesus, that he may truly understand and embrace the Gospel, and be freed from the teachings that have held him back.
2. Pray for Mr. Ade, who has confessed his belief in Jesus, that God will continue to work in his heart, even though he is far away, and that he may have a personal encounter with Jesus.
3. Pray for the ministry and the people who have heard the Gospel, that God will give them boldness and wisdom to share the message, and that many will come to know and believe in Jesus Christ.

## Ministry Result January to December 2025

Disciples : 1000

Children : 600

Teen & Youth : 450

## Reaching the Vision of 1000 House Churches

Praise the Lord for His work in the lives of our disciples, including Pak Halim and Pak Mastaka. After 3 years of discipleship, they had not fully understood how to reach out to others for the Lord. They only shared their faith personally and were not effective in spreading the Good News. However, after attending a 1-month training, a transformation occurred. Not only did they become better family members, but they also gained a deeper understanding of the vision for outreach and multiplication. They became more motivated as followers of Jesus Christ to share the Good News with others.

The result was remarkable. In the past 6 months, they successfully established 4 new House Churches. The number of people hearing the Good News increased threefold, far more than before. We are grateful to God for this development and believe that He will continue to work through them.

To accelerate multiplication, we will be conducting several trainings, including House Church Planting Training, House Church Multiplication Training, and Network Leadership Training. These trainings are designed to achieve our vision of 1000 House Churches by 2030.

# Children Youth Ministry

**Katumbiri (Age 5-12 )**

**Kubik (age 13-18)**

**Youth ( 18 yeras old above)**

In 2025, God has entrusted us with 214 children, 54 teenagers, and 43 young adults to disciple. He has also entrusted us with 5 children to mentor intensively from junior high school to university level through our Smart Kids program. With God's help, we are empowered to continue preparing these children to become impactful leaders in their communities

## Health Cadre Platform

We are grateful for the opportunity given to our 7 staff members to attend health cadre training. This training has made a significant impact on our service to the community. We are more easily accepted in villages, and the community is delighted when we provide health checks such as blood pressure, blood tests, and eye exams. This opens up great opportunities for us to share the Good News and bless the community further. With each visit, we become more known and trusted, enabling us to build closer and more effective relationships in our ministry

## Cinta Baca (Love to Read)

Besides Health Cadres, we also utilize the Love to Read platform in the field. Here, we can interact with the community through various programs to provide education for parents and children. We hope that Love to Read can be established in several other places, especially in existing House Churches. This way, House Churches can be even more beneficial to the local community

## Women's Minsitry

As a means to build the lives of women as desired by God in fulfilling His calling. Here, wives and women are equipped to support their husbands' ministry and family. This year, we held a women's retreat on October 21-23, 2025. We are grateful to be strengthened and fortified through the Word of God, delivered with the theme "Fulfill Your Ministry".

# Testimony

## God Moves in Mysterious Ways

By His grace, our Christmas service in Banten on December 22, 2025, and year-end service were held successfully with 110 attendees. At the end of the service, we were overflowing with gratitude for God's work. 6 people decided to get baptized, a sign and strengthening of faith that God's touch and presence are still with us.

We are grateful to have made it through this year, despite facing persecution against one of our servants in early December. Although they were taken to a community leaders' tribunal, God's hand was faithful in providing help. The believer bravely stood up for their faith, which led to our servant's release from the tribunal. God works in mysterious ways, and we are grateful to have overcome this challenge.

***For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future." (Jeremiah 29:11)***

### Prayer Point

- Praise the Lord, the 2nd PARI Portrait has been completed. Let's pray for the implementation of the 3rd SCF Portrait (2026-2030) towards 1000 House Churches.
- Opening teams in 3 new regions.
- Growth of faith in children, teenagers, and young adults. Emerging future leaders.
- May the families of the servants remain steadfast in their calling and faithful in spreading the Good News.

**We express our infinite gratitude for every prayer and financial support for the ministry of this Great Commission.**

**Lord Jesus bless you and your family!!!**
